

July 2020

Greetings Mogul family,

The year of 2020 has seemed like the longest, craziest April Fools prank in the history of the world. I never would have dreamed that a virus would close all of the schools in our region, much less our nation or our world!

On that note, I hope all of our learners and families know how much we have missed you. We really are looking forward to being back on campus and with our learners in person. I don't think this big school building has been this empty for this long since it was built, and it is so quiet and strange without the sounds of learning echoing through the hallways.

I have had a lot of people asking me if we are going to start school in the fall, and what it will look like when we do. My short answer to that is yes, we will be opening school on schedule in the fall, and it will look as normal as possible for as long as possible. It will look a bit different, of course, with much more time and attention being paid to hand-washing, respiratory hygiene, sanitizing, and physical distancing.

Our Back-to-School plan is published on our website in two versions—the detailed version and a shorter, easier-to-read version. Please know that this is a working document, and it may change as we learn more about the spread and the dangers of Covid-19. If you have any questions or concerns, please feel free to call the school to share them.

In the meantime, please enjoy the rest of the summer and keep reading! We really can't wait to see everyone in person in August.

Thanks so much,

Mrs. Ferley
